A LETTER FROM MONSIGNOR

Dear Parishioners,

We celebrated the feast of St. Francis on Thursday and many remember him as one who was very much aware of the goodness of God's creatures. In poetry he referred to the Sun as brother and the moon as sister, and in this manner communicated his great love for all creation. There is a video on You-tube entitled "Who is my neighbor in a Climate-Threatened world?" This video shows the devastating effects in various parts of the world due to changes in climate and as a result of severe weather. We sometimes take for granted the relative stability we enjoy in our climate in comparison to people that are displaced from their homes and livelihood due to the effects of weather. I encourage you to watch this video if you are able to, or to at least reflect on the goodness of creation and the security we have in our home. Our gratitude and having a heart for the suffering of others will help us to provide for others in need through prayer and works of charity.

Again, I encourage you take time as we continue our stewardship renewal to reflect upon God's goodness in the gifts of your time, talent and treasure. As you do so, remember that this is a call to discipleship, or a deeper commitment to serving God with the gifts that He has given to you. Next weekend we will have the final celebration of stewardship with commitment Sunday. Please bring your commitment card completed to Mass next weekend and you can place it in an envelope and then place it in the collection. In December we will have all of the commitment cards tabulated and committee members will be contacting fellow parishioners to let them know how they can help the parish in the areas they selected in the talent portion of the commitment card. Thank you for all that you do St. Vincent's and may be grow together as better stewards.

Msgr. Tucker
